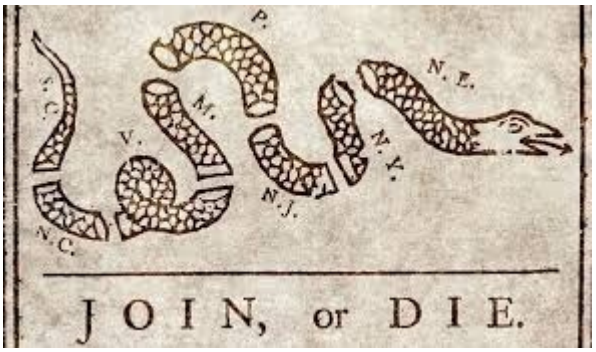
Celebrate The 4th



Field Day 2024

A group of us Frogs trekked up to Avery, Ca to set up the station very warm temperatures prevailed. It was essential to provide shade and hydration for the group. Band conditions were not exceptional so a keen ear and several call outs were needed on many of the stations logged in. Perseverance was in

order which this group had no shortage of, equally our Fellowship between each other kept this Perseverance spirit!

Our diary of the day is written on the photos below.

Mark N6IV On The Hunt

Work On Fowler Repeater Site Continues

Our Replacement Repeater Antenna has arrived at the Fowler Site, transported by Chuck Farr W6AJW and Al Lamore KF6OBM

Fowler Weed Eating Project

Helen KM6ELE, Ken AE6LA, Walt K6WGY, Mark N6IV
We Thank the Weed Wacking Crew pictured above for taking care of the grounds of our repeater location. In the near future they helped prep the way for our new antenna installation on top of a 80 foot.

tower.

Radio Events June 15-16 2024

ARRL Kids DayARRL Kids Day is on Saturday, June 15, and will run from 1800 UTC through 2359 UTC. It’s the perfect opportunity to introduce youngsters to the excitement of amateur radio. The exchange is the participant’s name, age, location, and favorite color. Sponsored by the Boring, (Oregon) Amateur Radio Club, Kids Day is held every year on the first Saturday in January and the third Saturday in June. More information is available at www.arrl.org/kids-day. **West Virginia QSO Party**For state QSO party enthusiasts, the West Virginia QSO Party begins on June 15 at 1600 UTC, and concludes on June 16 at 0400 UTC. Contacts can be made on CW, phone, and digital modes.
