### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

**RCA**

1985

**The Last Decade of Western**  
The formation of MCI is described chronologically after World War II's end. RCA, AT&T, and Western Union were the main competitors of communication technologies in the 1950s.  
December 11, 1960  
MCI is founded. The name of MCI is formed from MCI.  
May 1968  
AT&T and MCI are declared to be the only two companies in the world that can provide long-distance Western Union service.  
July 1970  
MCI is merged with Western Union.  
1981  
MCI acquires Western Union's Western Bell System.  
June 28, 1982  
The National Public Safety and Law Enforcement System is established as a major communication system.

PURE MOUNTAIN FUN

## MECHANICAL WAVES

- Easy to understand
- Can try at home
  - rope, tension vs. motion
- Speed is reasonable
- Fun to watch
  - Shive wave machine
  - big one at MIT 26.100
