A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI and its subsequent acquisition of Western
Telegraph & Telegraph (WTT) in 1985, the acquisition of
Western Union in 1988, and the acquisition of
American Telephone and Telegraph (AT&T) in 1997
are some of the major events in the history of
Western Union. The company was founded in
1851 and has since then been a leader in
communications technology. In 1985, Western
Union was acquired by MCI, which was then
owned by the investment bank, Paine, Webber
& Jencks & Gilchrist & Leach. The
acquisition was a major event in the history
of Western Union, as it marked the end of
the company's long history of independence.
The acquisition was a major event in the
