A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI and its subsequent acquisition by WorldCom's parent, WorldCom, is a story of corporate strategy and financial engineering. This page provides a timeline of key events from 1985 to 1997.

December 11, 1985
 MCI acquires Western Union and its long-distance service.

May 1988
 MCI acquires WorldCom's long-distance service, which is merged with Western Union's long-distance service.

July 1997
 WorldCom acquires MCI's long-distance service, which is merged with Western Union's long-distance service.
