### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western  
The formation of MCI is described in the following order:  
1. In 1980, MCI was founded as a subsidiary of American Telephone and Telegraph (AT&T).  
2. In 1981, MCI was spun off from AT&T.  
3. In 1982, MCI was listed on the New York Stock Exchange.  
4. In 1983, MCI was acquired by the British company Cable & Wireless.  
5. In 1984, MCI was acquired by the Japanese company Nippon Telegraph and Telephone (NTT).  
6. In 1985, MCI was acquired by the American company WorldCom.
