A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI was directly dependent upon the
bankruptcy of RCA. For the history of MCI, it is important to
understand the circumstances surrounding the sale of
the assets.
December 11, 1984
RCA announced the sale of its long distance service
assets.
May 1985
MCI was established as MCI Telecommunications Corporation.
MCI began operations with Western Union.
July 1985
MCI announced the sale of its long distance service
assets.
June 24, 1985
The sale of RCA's long distance service assets to
MCI was completed.
