A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
 The formation of MCI was a result of a series of events that began in 1980 when a group of investors, including Western Union, decided to acquire the assets of the bankrupt RCA Communications Company. The acquisition was completed in 1985, and the new company was named MCI Telecommunications Corporation.

December 11, 1980
 MCI Telecommunications Corporation is formed.

May 1982
 MCI is granted a license by the FCC to provide long distance service.

June 1982
 MCI is granted a license by the FCC to provide local service.

July 1982
 MCI is granted a license by the FCC to provide international service.

August 1982
 MCI is granted a license by the FCC to provide satellite service.

September 1982
 MCI is granted a license by the FCC to provide mobile service.

October 1982
 MCI is granted a license by the FCC to provide fixed service.

November 1982
 MCI is granted a license by the FCC to provide all services.
