### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the last decade of the 20th century was characterized by a number of significant events in the world:  
December 11, 1980 - The Iran hostage crisis ends.  
May 1980 - The 1980 Summer Olympics are held in Moscow.  
September 11, 1981 - The first AIDS cases are reported in the United States.  
October 1981 - The first AIDS cases are reported in the United Kingdom.  
November 1981 - The first AIDS cases are reported in France.  
December 1981 - The first AIDS cases are reported in West Germany.  
January 1982 - The first AIDS cases are reported in Italy.  
February 1982 - The first AIDS cases are reported in the Netherlands.  
March 1982 - The first AIDS cases are reported in Belgium.  
April 1982 - The first AIDS cases are reported in Spain.  
May 1982 - The first AIDS cases are reported in Portugal.  
June 1982 - The first AIDS cases are reported in Greece.  
July 1982 - The first AIDS cases are reported in Ireland.  
August 1982 - The first AIDS cases are reported in the United Kingdom.  
September 1982 - The first AIDS cases are reported in France.  
October 1982 - The first AIDS cases are reported in Italy.  
November 1982 - The first AIDS cases are reported in West Germany.  
December 1982 - The first AIDS cases are reported in the United States.

PURE MOUNTAIN FUN

### MECHANICAL WAVES

- Easy to understand
- Can try at home
  - rope, tension vs. motion
- Speed is reasonable
- Fun to watch
  - Shive wave machine
  - big one at MIT 26.100

## WFD 2025

Provided by Mark Godbout N6IV

Wrap up.

N6FRG WINTER FIELD DAY 2025

We arrived in Copperopolis at Barry's K06F0V home at 9am to a sunny blue sky and a crisp morning.

On site were Mike N6AXQ, Dee KM6ELF, Mike KB6USJ, Barry K06F0V (and xyl Cheryl), and myself, Mark N6IV. Helen KM6ELE arrived later to join the fun.

We set up a 40m doublet at 35feet, a 2 m Fm j.pole, and a 40m/80m wire antenna.

Qso's were to be had on 40m, 20m, and 10m. No contacts on 2m and we did not try 15m.

Propagation was fairly decent. We contacted HI, UT, WWA, OR, AZ, STX, NTX, ID, BC, MN, OK, NV, SDG, SF among others.

Helen and Barry made their first contesting qsos so now they are addicted like everyone else.

Clouds finally ensued and the temperature dropped to the point we said qrt.

We all are thankful to Barry and Cheryl for the accommodations, hot coffee, and homemade coffee cake.

All in all we had a good time and it was worth braving the elements for some good fellowship and ham radio.
