### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the last decade of the century is a time of rapid change. Western Union, a company that has been around since 1851, is now a part of MCI. This is a significant change in the history of the company. The following are some of the key events that led to the formation of MCI:

- December 11, 1984: MCI acquires Western Union's long distance service.
- May 1985: MCI acquires Western Union's local telephone service.
- June 1985: MCI acquires Western Union's international service.
- July 1985: MCI acquires Western Union's data processing service.
- August 1985: MCI acquires Western Union's telegraph service.
- September 1985: MCI acquires Western Union's telex service.
- October 1985: MCI acquires Western Union's facsimile service.
- November 1985: MCI acquires Western Union's time-sharing service.
- December 1985: MCI acquires Western Union's computer services.
