A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the last decade of the 20th century was characterized by unprecedented technological change. In 1980, MCI was founded by Robert G. Goddard, Jr. and was the first long distance carrier to offer a service that was not provided by any other carrier. MCI's success was due to its innovative approach to service and its commitment to customer service. MCI's success was also due to its commitment to innovation and its commitment to customer service. MCI's success was also due to its commitment to innovation and its commitment to customer service.
