A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI did not occur overnight. After World War II, the U.S. government established a communications system to connect the military and civilian populations across the country.

December 15, 1962
 AT&T announced the creation of a new service: Sprint.

May 1968
 AT&T and MCI signed a landmark agreement to allow Sprint to compete with Western Union's international service.

July 1980
 MCI announced a merger with Western Union.

1981
 MCI and Western Union merged to form Western Union WorldWide.

June 28, 1985
 The Federal Reserve Board approved MCI's acquisition of Western Union's international service.
