A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI is described chronologically after World War II's end. RCA, AT&T, and Western Union were the main competitors of communication technologies in the 1950s.

- December 11, 1949: AT&T acquires Western Union's long-distance service.
- May 1949: AT&T and RCA are declared to have been approved to jointly develop a national satellite system for long-distance communication.
- 1951: MCI is formed as a joint venture between RCA and Western Union.
- 1952: RCA acquires Western Union's long-distance service.
- June 28, 1952: The National Bell System and Western Union are merged to form Western Union International.
