A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was the result of several factors:
1. The bankruptcy of RCA in 1985.
2. The acquisition of Western Union by AT&T in 1984.
3. The desire of MCI to expand its services into the long-distance market.
4. The need for a new corporate identity.
5. The desire to create a new company that would be a leader in the industry.
6. The need for a new corporate identity.
7. The desire to create a new company that would be a leader in the industry.
