### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the last decade of the 20th century was a period of unprecedented technological change in the world.  
December 11, 1980  
MCI Communications Corporation was founded in Overland Park, Kansas.  
May 1982  
MCI was the first to offer a nationwide long distance service.  
March 1983  
MCI Communications Corporation was awarded a contract to provide long distance service to the U.S. military.  
June 1984  
MCI Communications Corporation was awarded a contract to provide long distance service to the U.S. military.
