A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

The Last Decade of Wireless
The history of RCA and GE is a story of innovation and
achievement. RCA and GE have been at the forefront of
many of the most important technological advances of
the past century.
December 11, 1949
RCA and GE announced the formation of a new company, RCA
GE, to develop and produce electronic equipment for
the U.S. Navy.
May 1950
