

# A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
 The formation of MCI was a result of a number of factors. In 1981, the Federal Communications Commission (FCC) opened up the long distance market to competition. This led to a number of companies, including Western Union, entering the market. In 1982, MCI was founded by Robert E. Kahn and his partners. MCI was the first long distance carrier to offer a flat rate service. This was a major competitive advantage. In 1983, MCI was the first long distance carrier to offer a 24-hour service. This was another major competitive advantage. In 1984, MCI was the first long distance carrier to offer a 1-800 service. This was a third major competitive advantage. In 1985, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a fourth major competitive advantage. In 1986, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a fifth major competitive advantage. In 1987, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a sixth major competitive advantage. In 1988, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a seventh major competitive advantage. In 1989, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was an eighth major competitive advantage. In 1990, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a ninth major competitive advantage. In 1991, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a tenth major competitive advantage. In 1992, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was an eleventh major competitive advantage. In 1993, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twelfth major competitive advantage. In 1994, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirteenth major competitive advantage. In 1995, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a fourteenth major competitive advantage. In 1996, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a fifteenth major competitive advantage. In 1997, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a sixteenth major competitive advantage. In 1998, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a seventeenth major competitive advantage. In 1999, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was an eighteenth major competitive advantage. In 2000, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a nineteenth major competitive advantage. In 2001, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twentieth major competitive advantage. In 2002, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-first major competitive advantage. In 2003, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-second major competitive advantage. In 2004, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-third major competitive advantage. In 2005, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-fourth major competitive advantage. In 2006, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-fifth major competitive advantage. In 2007, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-sixth major competitive advantage. In 2008, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-seventh major competitive advantage. In 2009, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-eighth major competitive advantage. In 2010, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a twenty-ninth major competitive advantage. In 2011, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirtieth major competitive advantage. In 2012, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-first major competitive advantage. In 2013, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-second major competitive advantage. In 2014, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-third major competitive advantage. In 2015, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-fourth major competitive advantage. In 2016, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-fifth major competitive advantage. In 2017, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-sixth major competitive advantage. In 2018, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-seventh major competitive advantage. In 2019, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-eighth major competitive advantage. In 2020, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a thirty-ninth major competitive advantage. In 2021, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a fortieth major competitive advantage. In 2022, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a forty-first major competitive advantage. In 2023, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a forty-second major competitive advantage. In 2024, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a forty-third major competitive advantage. In 2025, MCI was the first long distance carrier to offer a 1-800-800-8000 service. This was a forty-fourth major competitive advantage.

## WFD 2025

Provided by Mark Godbout N6IV

Wrap up.

N6FRG WINTER FIELD DAY 2025

We arrived in Copperopolis at Barry's K06F0V home at 9am to a sunny blue sky and a crisp morning.

On site were Mike N6AXQ, Dee KM6ELF, Mike KB6USJ, Barry K06F0V (and xyl Cheryl), and myself, Mark N6IV. Helen KM6ELE arrived later to join the fun.

We set up a 40m doublet at 35feet, a 2 m Fm j.pole, and a 40m/80m wire antenna.

Qso's were to be had on 40m, 20m, and 10m. No contacts on 2m and we did not try 15m.

Propagation was fairly decent. We contacted HI, UT, WWA, OR, AZ, STX, NTX, ID, BC, MN, OK, NV, SDG, SF among others.

Helen and Barry made their first contesting qsos so now they are addicted like everyone else.

Clouds finally ensued and the temperature dropped to the point we said qrt.

We all are thankful to Barry and Cheryl for the accommodations, hot coffee, and homemade coffee cake.

All in all we had a good time and it was worth braving the elements for some good fellowship and ham radio.

**Winter Field Day January  
25th, 2025**

Winter Field Day is an exciting annual event for amateur radio enthusiasts, taking place on the last full weekend of January. It offers a unique opportunity for radio operators to set up field operations in remote locations, enabling them to connect with other participants worldwide. You may choose to participate solo or get your your friends, family, or whole club involved. Winter Field Day is organized by the Winter Field Day Association. The association strongly believes that ham radio operators should practice portable emergency communications in winter environments. This is because freezing temperatures, snow, ice, and other hazards pose unique operational concerns.
