A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was a result of a merger of several companies
including RCA, GE, and Western Union. This merger was a result of
the need for a more integrated telecommunications network.
December 11, 1985
MCI Telecommunications Corporation was formed.
May 1988
MCI was acquired by WorldCom.
MCI Telecommunications Corporation was merged with WorldCom.
June 19, 1997
MCI Telecommunications Corporation was merged with WorldCom.
