A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI is described in the following order:
1. In 1980, MCI was founded by Robert E. Kahn, a former AT&T executive,
and a group of investors. Kahn had worked for AT&T for 15 years.
2. In 1981, MCI was granted a license to provide long-distance
service. This was a major breakthrough for MCI.
3. In 1982, MCI began to expand its services to include
airmail and telex. This was another major step for MCI.
4. In 1983, MCI was granted a license to provide
international service. This was a major step for MCI.
5. In 1984, MCI was granted a license to provide
domestic service. This was a major step for MCI.
6. In 1985, MCI was granted a license to provide
international service. This was a major step for MCI.
