A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the last decade of the century is a time of rapid change and technological innovation in the world.
December 11, 1980
MCI is established as Western Union's Special Services Division.
May 1982
MCI is established as MCI Telecommunications Corporation, a wholly owned subsidiary of Western Union.
July 1982
MCI is incorporated in the state of Missouri.
1983
MCI acquires Western Union's MCI Telecommunications Division.
June 24, 1983
MCI is listed on the New York Stock Exchange and becomes a public company.
