A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the RCA Bell Telephone Company was not interested in providing long distance service in the 1980s.
December 11, 1980
MCI announced the formation of a new service MCI.
May 1982
MCI was established as MCI Telecommunications Corporation, a publicly traded company. Western Union International.
MCI announced merger with Western Union.
1985
MCI and Western Union merged to form MCI Telecommunications Corporation.
June 28, 1985
The merger of Western Union and MCI Telecommunications Corporation was announced.
