### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the last decade of the century was characterized by a number of significant developments in the world:  
December 11, 1980  
MCI announced the acquisition of a license for the use of the 700 MHz band.  
May 1982  
MCI was the first to offer a nationwide service, which included Western Union's international service.  
July 1982  
MCI announced plans to acquire Western Union.  
1983  
MCI was the first to offer a nationwide service, which included Western Union's international service.  
June 24, 1983  
The Federal Reserve Board approved MCI's application for a license to operate a nationwide service.
