A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The history of RCA and its subsidiaries after World War II is a story of innovation and success. RCA's research and development efforts in the field of electronics and communications have led to many of the most important inventions of the past century.
December 11, 1949
RCA announces the sale of RCA to General Electric (GE).
May 1950
GE acquires RCA and its subsidiaries. RCA's research and development efforts continue to be supported by GE.
RCA's research and development efforts continue to be supported by GE.
