A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the last decade of the century was characterized by a number of significant events in the world:
December 11, 1980 - MCI announced the purchase of a 50% interest in Western
May 1982 - MCI and Western announced the formation of MCI Telecommunications Corporation
July 1982 - MCI announced the purchase of Western's remaining 50% interest
1983 - MCI and Western announced the formation of MCI Telecommunications Corporation
June 24, 1983 - MCI Telecommunications Corporation announced the formation of MCI Telecommunications Corporation
