### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was a result of a series of acquisitions and mergers that began in the mid-1980s. In 1985, MCI acquired Western Union, a major competitor in the telecommunications industry. This acquisition was a key step in MCI's expansion into the long-distance telephone market. In 1988, MCI acquired Western Union's long-distance telephone service, further strengthening its position in the market. In 1996, MCI acquired BT, a major competitor in the telecommunications industry. This acquisition was a key step in MCI's expansion into the long-distance telephone market. In 1997, MCI acquired a major competitor in the telecommunications industry, further strengthening its position in the market.
