A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the last decade of the century is a time of rapid change. Western Union, which was founded in 1845, is a company that has survived through the years by being first in its field. In 1985, Western Union was acquired by MCI. This was a significant event in the history of the company, as it marked the end of an era. The acquisition was completed on December 31, 1985. MCI was the largest bidder for Western Union, offering \$1.5 billion in cash. The acquisition was approved by the Federal Communications Commission (FCC) on October 17, 1985. The acquisition was a major step in MCI's expansion into the telecommunications market. MCI's acquisition of Western Union was a key factor in the company's growth and success in the 1980s and 1990s.
