A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The history of RCA is a story of innovation and achievement. In 1985, RCA celebrated its 50th anniversary. This year marked a significant milestone in the company's history, as it reflected on its long and successful career in the electronics industry. RCA's commitment to excellence and its dedication to its customers have been the driving force behind its success. As RCA enters its 60th year, it looks forward to continued growth and innovation in the years ahead.
