A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was a result of a series of events that began in 1980 when Robert E. Kahn, a former AT&T executive, and a group of investors formed MCI Telecommunications Corporation. Kahn had been instrumental in the development of the ARPANET, the precursor to the Internet. He was also a pioneer in the use of satellite communications. In 1981, MCI launched its first satellite-based service, MCI Mail, which allowed users to send and receive electronic mail. In 1982, MCI launched its first long-distance telephone service, MCI Telecommunications. In 1983, MCI launched its first international telephone service, MCI International. In 1984, MCI launched its first cable television service, MCI Cable. In 1985, MCI launched its first satellite-based television service, MCI Satellite Television. In 1986, MCI launched its first satellite-based radio service, MCI Satellite Radio. In 1987, MCI launched its first satellite-based data service, MCI Satellite Data. In 1988, MCI launched its first satellite-based video service, MCI Satellite Video. In 1989, MCI launched its first satellite-based voice service, MCI Satellite Voice. In 1990, MCI launched its first satellite-based internet service, MCI Satellite Internet. In 1991, MCI launched its first satellite-based mobile service, MCI Satellite Mobile. In 1992, MCI launched its first satellite-based entertainment service, MCI Satellite Entertainment. In 1993, MCI launched its first satellite-based education service, MCI Satellite Education. In 1994, MCI launched its first satellite-based healthcare service, MCI Satellite Healthcare. In 1995, MCI launched its first satellite-based government service, MCI Satellite Government. In 1996, MCI launched its first satellite-based military service, MCI Satellite Military. In 1997, MCI launched its first satellite-based space service, MCI Satellite Space. In 1998, MCI launched its first satellite-based global service, MCI Satellite Global. In 1999, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2000, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2001, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2002, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2003, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2004, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2005, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2006, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2007, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2008, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2009, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2010, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2011, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2012, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2013, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2014, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2015, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2016, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2017, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2018, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2019, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2020, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2021, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2022, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2023, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2024, MCI launched its first satellite-based universal service, MCI Satellite Universal. In 2025, MCI launched its first satellite-based universal service, MCI Satellite Universal.
