A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Wireless
The history of RCA is closely intertwined with the history of the radio. RCA's early work in the radio industry is well known, but its later work in the field of wireless communication is less so. This exhibit highlights RCA's contributions to the field of wireless communication from 1985 to 1997.

December 11, 1985
