### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

**The Last Decade of Western**  
The formation of MCI was directly related to the fact that the last decade of the century is a time of rapid change. Western Union, which was founded in 1851, is a company that has survived for over 140 years. It has been a part of the American way of life. It has been a part of the American dream. It has been a part of the American success story. It has been a part of the American future. It has been a part of the American hope. It has been a part of the American faith. It has been a part of the American love. It has been a part of the American life. It has been a part of the American soul. It has been a part of the American heart. It has been a part of the American mind. It has been a part of the American spirit. It has been a part of the American soul. It has been a part of the American heart. It has been a part of the American mind. It has been a part of the American spirit.
