A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI as a distinct entity was the final
chapter in the history of RCA's communications division.
The following timeline summarizes the key events of
the year:

- December 31, 1984: RCA Communications Division is acquired by MCI.
- May 1985: MCI acquires RCA's long distance telephone service, which is merged with Western Union's long distance service.
- July 1985: MCI acquires RCA's international telephone service.
- August 1985: MCI acquires RCA's international teletype service.
- September 1985: MCI acquires RCA's international facsimile service.
