A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI is described chronologically after World War II's end. RCA, AT&T, and Western Union were the main competitors of communications technologies in the 1950s.

- December 11, 1948: AT&T acquires Western Union's long-distance service.
- May 1949: AT&T and RCA combine to form the Bell Telephone System, which includes Western Union's international service.
- 1950: MCI is formed as a subsidiary of Western Union.
- 1951: MCI acquires Western Union's long-distance service.
- June 24, 1952: The Bell Telephone System acquires Western Union's international service.
