A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Wireless
The formation of MCI was directly responsible for the final years of RCA's dominance in the communications industry. RCA's ownership of MCI was a key component of its communications strategy in the 1980s.

- December 11, 1980: MCI acquires Western Union's long distance service.
- May 1982: MCI acquires the assets of the former Bell Telephone Company of Virginia, which included operating Western Union's international long distance service.
- July 1982: MCI acquires Western Union's international long distance service.
- July 1982: MCI acquires Western Union's international long distance service.
