A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was directly related to the
bankruptcy of RCA. The bankruptcy was the catalyst
and immediate cause of Western's reorganization
in 1985.

December 11, 1984
MCI acquires Western and is a separate public company.

May 1985
MCI and Western are combined to form MCI Telecommunications Corporation.
MCI Telecommunications Corporation is formed.

July 1985
MCI Telecommunications Corporation is formed.

July 1985
MCI Telecommunications Corporation is formed.
