A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI is described chronologically after World War II's end. RCA, AT&T, and Western Union were the main competitors of MCI in the early 1980s. MCI's success was due to its innovative services and competitive pricing. MCI's success was due to its innovative services and competitive pricing. MCI's success was due to its innovative services and competitive pricing.
