A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the RCA Bell Telephone Company was the largest and most powerful communications company in the world.
December 11, 1980
MCI announced the purchase of a 10% stake in Western.
May 1982
MCI and Western announced a joint venture to provide long distance service.
MCI announced a merger with Western.
1985
MCI and Western merged to form Western MCI.
June 28, 1985
The merger of Western and MCI was a landmark event in the history of the telecommunications industry.
