A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI as a direct result of the merger between RCA and GE is a landmark event in the history of the company. RCA, the leading manufacturer of consumer electronics in the world, and GE, the leading manufacturer of electrical equipment, combined their resources to create a new company that would focus on telecommunications services. This merger was a key factor in the success of MCI as a leading provider of long-distance telephone services and other telecommunications products.

December 11, 1985
MCI Communications Corporation is formed as a result of the merger of RCA and GE.

May 1986
MCI Communications Corporation is listed on the New York Stock Exchange.

June 1986
MCI Communications Corporation is awarded a contract by the U.S. Department of Defense to provide telecommunications services to the military.

July 1986
MCI Communications Corporation is awarded a contract by the U.S. Department of State to provide telecommunications services to the State Department.

August 1986
MCI Communications Corporation is awarded a contract by the U.S. Department of Justice to provide telecommunications services to the Department of Justice.
