A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was a result of a series of events that began in 1980 when Robert E. Kahn, a former AT&T executive, founded MCI Telecommunications Corporation. Kahn's vision was to create a national long-distance carrier that would compete with AT&T. In 1981, MCI was granted a license by the FCC to provide long-distance service. In 1982, MCI began operations as a public company. In 1983, MCI was acquired by American Telephone and Telegraph (AT&T). In 1984, MCI was sold to a group of investors led by Robert E. Kahn. In 1985, MCI was sold to a group of investors led by Robert E. Kahn.
