A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI and its subsequent acquisition of Western
Telegraph & Telegraph (WTT) and its subsequent acquisition of
Western Union (WU) are the most significant events of the
decade.
December 11, 1984
MCI acquires Western Union's long distance service.
May 1985
MCI acquires WTT, which was then merged with
Western Union's long distance service.
July
MCI acquires Western Union's long distance service.
1985
MCI acquires Western Union's long distance service.
1985
MCI acquires Western Union's long distance service.
