### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

**The Last Decade of Western**  
The formation of MCI was directly dependent upon the  
bankruptcy of RCA. For the history of MCI, it is important to  
understand the circumstances surrounding the demise of  
the parent.  
December 11, 1980  
RCA announced the sale of its General Electric (GE)  
May 1982  
AT&T and MCI signed a 10-year lease agreement for a  
dedicated long-haul service between Dallas and Washington  
DC.  
MCI announced a merger with Western Union.  
1983  
MCI sold its entire Western Union stake to AT&T for \$1.5  
billion. MCI was then a wholly owned subsidiary of AT&T.  
June 28, 1984  
The Federal Reserve and the Department of Justice  
announced their opposition to the merger.
