A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI and its subsequent acquisition by WorldCom's parent, WorldCom, is a landmark event in the history of telecommunications and corporate consolidation in the United States.
December 11, 1980
MCI acquires Western Union's long distance service.
May 1988
MCI acquires Western Union's telegraph service.
June 28, 1997
WorldCom acquires MCI and its subsidiaries.
WorldCom acquires Western Union's telegraph service.
WorldCom acquires Western Union's telegraph service.
