### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western  
The formation of MCI was a result of a series of events that began in 1980 when Robert Kahn and Andrew S. Tanenbaum published their paper "End-to-end Arguments for Architecture-Based Communication".  
December 11, 1980  
MCI is established as a subsidiary of American Telephone and Telegraph (AT&T).  
May 1982  
AT&T and MCI are announced to be merging their long-distance services.  
March 1983  
MCI is announced to be merging with Western Union.  
1985  
MCI acquires Western Union's long-distance service.  
June 24, 1985  
The merger of Western Union and MCI is announced.
