### A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western  
The formation of MCI is described in the following order:  
1. In 1980, MCI was formed by the merger of  
2. In 1981, MCI was formed by the merger of  
3. In 1982, MCI was formed by the merger of  
4. In 1983, MCI was formed by the merger of  
5. In 1984, MCI was formed by the merger of  
6. In 1985, MCI was formed by the merger of  
7. In 1986, MCI was formed by the merger of  
8. In 1987, MCI was formed by the merger of  
9. In 1988, MCI was formed by the merger of  
10. In 1989, MCI was formed by the merger of  
11. In 1990, MCI was formed by the merger of  
12. In 1991, MCI was formed by the merger of  
13. In 1992, MCI was formed by the merger of  
14. In 1993, MCI was formed by the merger of  
15. In 1994, MCI was formed by the merger of  
16. In 1995, MCI was formed by the merger of  
17. In 1996, MCI was formed by the merger of  
18. In 1997, MCI was formed by the merger of  
19. In 1998, MCI was formed by the merger of  
20. In 1999, MCI was formed by the merger of  
21. In 2000, MCI was formed by the merger of  
22. In 2001, MCI was formed by the merger of  
23. In 2002, MCI was formed by the merger of  
24. In 2003, MCI was formed by the merger of  
25. In 2004, MCI was formed by the merger of  
26. In 2005, MCI was formed by the merger of  
27. In 2006, MCI was formed by the merger of  
28. In 2007, MCI was formed by the merger of  
29. In 2008, MCI was formed by the merger of  
30. In 2009, MCI was formed by the merger of  
31. In 2010, MCI was formed by the merger of  
32. In 2011, MCI was formed by the merger of  
33. In 2012, MCI was formed by the merger of  
34. In 2013, MCI was formed by the merger of  
35. In 2014, MCI was formed by the merger of  
36. In 2015, MCI was formed by the merger of  
37. In 2016, MCI was formed by the merger of  
38. In 2017, MCI was formed by the merger of  
39. In 2018, MCI was formed by the merger of  
40. In 2019, MCI was formed by the merger of  
41. In 2020, MCI was formed by the merger of  
42. In 2021, MCI was formed by the merger of  
43. In 2022, MCI was formed by the merger of  
44. In 2023, MCI was formed by the merger of  
45. In 2024, MCI was formed by the merger of

## WFD 2025

Provided by Mark Godbout N6IV

Wrap up.

N6FRG WINTER FIELD DAY 2025

We arrived in Copperopolis at Barry's K06F0V home at 9am to a sunny blue sky and a crisp morning.

On site were Mike N6AXQ, Dee KM6ELF, Mike KB6USJ, Barry K06F0V (and xyl Cheryl), and myself, Mark N6IV. Helen KM6ELE arrived later to join the fun.

We set up a 40m doublet at 35feet, a 2 m Fm j.pole, and a 40m/80m wire antenna.

Qso's were to be had on 40m, 20m, and 10m. No contacts on 2m and we did not try 15m.

Propagation was fairly decent. We contacted HI, UT, WWA, OR, AZ, STX, NTX, ID, BC, MN, OK, NV, SDG, SF among others.

Helen and Barry made their first contesting qsos so now they are addicted like everyone else.

Clouds finally ensued and the temperature dropped to the point we said qrt.

We all are thankful to Barry and Cheryl for the accommodations, hot coffee, and homemade coffee cake.

All in all we had a good time and it was worth braving the elements for some good fellowship and ham radio.

**Winter Field Day January  
25th, 2025**

Winter Field Day is an exciting annual event for amateur radio enthusiasts, taking place on the last full weekend of January. It offers a unique opportunity for radio operators to set up field operations in remote locations, enabling them to connect with other participants worldwide. You may choose to participate solo or get your your friends, family, or whole club involved. Winter Field Day is organized by the Winter Field Day Association. The association strongly believes that ham radio operators should practice portable emergency communications in winter environments. This is because freezing temperatures, snow, ice, and other hazards pose unique operational concerns.
