A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was a result of a series of acquisitions and mergers that began in 1980. In 1980, MCI acquired Western Union's long distance telephone service. In 1981, MCI acquired Western Union's telegraph service. In 1982, MCI acquired Western Union's teletype service. In 1983, MCI acquired Western Union's data processing service. In 1984, MCI acquired Western Union's time-sharing service. In 1985, MCI acquired Western Union's computer services.
