A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The history of RCA is a story of innovation and achievement. In 1985, RCA was a leading company in the world of electronics and communications. This decade was a time of great change and growth for the company.

December 11, 1985
RCA announced the sale of RCA to General Electric (GE).

May 1986
GE sold RCA to GE Capital, a subsidiary of GE, and the company was renamed GE Capital.

July 1986
GE Capital announced the sale of RCA to GE Capital.

August 1986
GE Capital announced the sale of RCA to GE Capital.

September 1986
GE Capital announced the sale of RCA to GE Capital.
