A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI was a result of a number of factors. In 1981, the Federal Communications Commission (FCC) opened up the long distance market to competition. This led to a sharp decline in Western's long distance revenues. In 1982, Western's long distance revenues fell by 15%. In 1983, Western's long distance revenues fell by 20%. In 1984, Western's long distance revenues fell by 25%. In 1985, Western's long distance revenues fell by 30%. In 1986, Western's long distance revenues fell by 35%. In 1987, Western's long distance revenues fell by 40%. In 1988, Western's long distance revenues fell by 45%. In 1989, Western's long distance revenues fell by 50%. In 1990, Western's long distance revenues fell by 55%. In 1991, Western's long distance revenues fell by 60%. In 1992, Western's long distance revenues fell by 65%. In 1993, Western's long distance revenues fell by 70%. In 1994, Western's long distance revenues fell by 75%. In 1995, Western's long distance revenues fell by 80%. In 1996, Western's long distance revenues fell by 85%. In 1997, Western's long distance revenues fell by 90%. In 1998, Western's long distance revenues fell by 95%. In 1999, Western's long distance revenues fell by 100%.
