A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Wireless
The history of RCA is closely intertwined with that of the Bell System. RCA's history is a story of innovation and leadership in the field of wireless communication. This decade was a period of rapid growth and technological advancement for the company.

- December 11, 1985: RCA announced the acquisition of General Electric's RCA Electronics Division.
- May 1986: RCA and GE announced the formation of a new joint venture, RCA GE, to develop and market consumer electronics products.
- July 1986: RCA announced the acquisition of Western Union's radio and television divisions.
- 1987: RCA and GE announced the formation of a new joint venture, RCA GE, to develop and market consumer electronics products.
- June 24, 1987: RCA announced the acquisition of RCA's RCA Electronics Division.
