A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
 The formation of MCI and its subsequent acquisition by World
 Com's parent, WorldCom, in 2000, marks the end of the company's
 independent existence. Western Union's history as a
 public company ends here.

December 11, 1980
 MCI acquires Western Union's long distance service unit.

May 1988
 MCI acquires Western Union's local service unit.

July 1990
 MCI acquires Western Union's international service unit.

June 1997
 MCI acquires Western Union's satellite service unit.

September 1997
 MCI acquires Western Union's landline service unit.
