A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
The formation of MCI was directly related to the fact that the RCA Bell Telephone Company was a monopoly and was not allowed to compete in the long distance market.
December 11, 1980
MCI Communications Corporation was founded in Overland Park, Kansas.
May 1982
MCI was the first to offer a long distance service that was not controlled by the Bell Telephone Company.
MCI Communications Corporation was the first to offer a long distance service that was not controlled by the Bell Telephone Company.
June 19, 1982
MCI Communications Corporation was the first to offer a long distance service that was not controlled by the Bell Telephone Company.
