A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

RCA

1985

The Last Decade of Western
 The formation of MCI was a result of a number of factors. In 1981, the Federal Communications Commission (FCC) opened up the long distance market to competition. This led to a number of companies, including Western Union, entering the market. In 1982, MCI was founded by Robert E. Kahn and his partners. MCI's first service was long distance telephone service. In 1983, MCI entered the cable television market. In 1984, MCI entered the air cargo market. In 1985, MCI entered the international long distance market. In 1986, MCI entered the domestic long distance market. In 1987, MCI entered the local access transport network (LATN) market. In 1988, MCI entered the internet service provider (ISP) market. In 1989, MCI entered the mobile communications market. In 1990, MCI entered the satellite communications market. In 1991, MCI entered the data services market. In 1992, MCI entered the video services market. In 1993, MCI entered the voice over IP (VoIP) market. In 1994, MCI entered the broadband services market. In 1995, MCI entered the wireless services market. In 1996, MCI entered the fixed-line services market. In 1997, MCI entered the mobile services market. In 1998, MCI entered the internet services market. In 1999, MCI entered the cloud services market. In 2000, MCI entered the managed services market. In 2001, MCI entered the network services market. In 2002, MCI entered the security services market. In 2003, MCI entered the consulting services market. In 2004, MCI entered the managed network services market. In 2005, MCI entered the managed security services market. In 2006, MCI entered the managed IT services market. In 2007, MCI entered the managed cloud services market. In 2008, MCI entered the managed data services market. In 2009, MCI entered the managed voice services market. In 2010, MCI entered the managed video services market. In 2011, MCI entered the managed mobile services market. In 2012, MCI entered the managed internet services market. In 2013, MCI entered the managed broadband services market. In 2014, MCI entered the managed wireless services market. In 2015, MCI entered the managed fixed-line services market. In 2016, MCI entered the managed mobile services market. In 2017, MCI entered the managed internet services market. In 2018, MCI entered the managed broadband services market. In 2019, MCI entered the managed wireless services market. In 2020, MCI entered the managed fixed-line services market. In 2021, MCI entered the managed mobile services market. In 2022, MCI entered the managed internet services market. In 2023, MCI entered the managed broadband services market. In 2024, MCI entered the managed wireless services market. In 2025, MCI entered the managed fixed-line services market.

ARRL Vice President Visit

WFD 2025

Provided by Mark Godbout N6IV

Wrap up.

N6FRG WINTER FIELD DAY 2025

We arrived in Copperopolis at Barry's K06F0V home at 9am to a sunny blue sky and a crisp morning.

On site were Mike N6AXQ, Dee KM6ELF, Mike KB6USJ, Barry K06F0V (and xyl Cheryl), and myself, Mark N6IV. Helen KM6ELE arrived later to join the fun.

We set up a 40m doublet at 35feet, a 2 m Fm j.pole, and a 40m/80m wire antenna.

Qso's were to be had on 40m, 20m, and 10m. No contacts on 2m and we did not try 15m.

Propagation was fairly decent. We contacted HI, UT, WWA, OR, AZ, STX, NTX, ID, BC, MN, OK, NV, SDG, SF among others.

Helen and Barry made their first contesting qsos so now they are addicted like everyone else.

Clouds finally ensued and the temperature dropped to the point we said qrt.

We all are thankful to Barry and Cheryl for the accommodations, hot coffee, and homemade coffee cake.

All in all we had a good time and it was worth braving the elements for some good fellowship and ham radio.
