A Visit To Marine Station KPH

A group of our members trekked out to Point Reyes to visit the ship to shore marine radio station KPH, the staff at KPH spent a good deal of time with us explaining the history of the station and its purpose of passing and receiving messages from ships at sea. The photos below tell a small story of our visit at the receiving station. Two members went on to visit the transmitting site in Bolinas and later joined up with us, many of their pictures will also be posted soon. Another opportunity was to use a straight key to send a Morse code signal on the Amateur CW Bands to other Amateurs who would be listening.

1985

The Last Decade of Western
The formation of MCI was a result of a series of events that began in 1980 when Robert E. Kahn, a pioneer in packet-switching, was recruited to join Western Union's research and development department in New York.
December 11, 1980
MCI Communications Corporation is formed.
May 1982
MCI acquires the rights to the Sprint network from Western Union.
March 1983
MCI Communications Corporation is listed on the New York Stock Exchange.
1985
MCI acquires Western Union's long distance telephone service.
June 29, 1985
The National Telecommunications and Information Administration (NTIA) awards MCI a license to operate a nationwide long distance telephone network.
